A pre-race swab sample was taken from Bridwood Carter. The all clear in this event was delayed so Stewards could view the official patrol films in relation to the lure, in particular, the distance of the lure to the lead greyhound coming into the first bend. Acting on their own observations and viewing the official patrol films, Stewards were satisfied that the position of the lure in relation to the lead greyhound did not advantage or disadvantage any runners and did not impact the outcome of the event, and pursuant to GAR109(2), gave the all clear on the judges numbers.
