

1. OBJECTIVE:

The objective of this policy is to identify the selection panel for the annual Edgar Tatlow Medal.

2. POLICY:

This prestigious medal is awarded to an individual each year who is judged by the assessing panel as having made an outstanding contribution to Tasmanian Harness Racing. That contribution may have been in the field of training, driving, ownership, administration, breeding, or any other related Harness Racing activity.

The selection panel is determined by Tasracing, selected from a range of industry people such as Club officials/members, Historians, Racing Journalists, Industry participants and Board members. The panel will be advertised on the Tasracing website at the time nominations are opened.
