

VISITING INTERSTATE TRAINER INFORMATION

Under Australian Rule 109(1) any person who is the holder of a trainer licence or permit to train in another State or Territory may for a period of **one month from arrival** train horses in Tasmania as a visiting trainer.

Permission must be gained for an extension of that period. If permission is not granted the person must make application for a Tasmanian Trainers licence.

Trainers are required to lodge a **Visiting Trainer Notification** with the Tasracing Integrity Unit (TIU) advising the dates they wish to train in the state together with the details of the horse/s and stable employee/s they will be bringing with them.

The Operations Department at the TIU will be able to provide any further information you may need by phoning (03) 6777 1900.
