**General:**

Stewards concluded an inquiry into the reasons why **MONTANA LAD NZ** (Ben Yole) failed to present for a pre-race swab (TCO2) prior to the running of race 4 the Cavalor Equicare Pace at the Tasmanian Trotting Club (TTC) meeting on 29 October 2023.

The Office of Racing Integrity (ORI) accepts responsibility for ensuring participants are notified of the requirement to present a horse to be swabbed and to follow up in a timely manner if a horse fails to be presented at the allocated time.

It has been established that on this occasion **MONTANA LAD NZ** failed to be presented due to a communication error between ORI and trainer Ben Yole. As a consequence, **MONTANA LAD NZ** remained on course two and a half hours after its race to provide a post-race swab (TCO2), the equivalent of the intended pre-race swab.
